Mrs. Sheryl Baudendistel - M.A. CCC-Speech -Language Pathologist with Children Matter

Sheryl was born in Boulder, Colorado and has spent her whole life here making her a true NATIVE. She earned her bachelor's degree from Colorado State University and immediately began her professional career as a speech-language interventionist for Denver Head Start, providing language and articulation intervention for children age 3-5 years. Later Sheryl earned a master's from the University of Colorado and began working as a speech-language therapist for Denver Public Schools. She remained in DPS, both full and part time, for 18 years. Currently, Sheryl is a pediatric speech-language pathologist with Children Matter. In this position, she

provides services for children of all ages - both in clinic and through home intervention.

It is through Children Matter that Sheryl came to Crown Pointe Academy. She feels honored to be working with the staff and students of CPA and in turn, we are honored to have her!
