support to our
Spanish Class Trip
Program!!!**

How to learn Spanish in 80 hours

This year your child will be taking Spanish Class for 160 days 30 minutes a day. In hours we are talking about 80 hours for the school year. Talking in real life is impossible for your child to become bilingual with only 30 minutes a day or in 80 hours of a foreign language with no practice or support after he or she cross the classroom door. With your help and support and home maybe we can see some improvement and success by the end of the year.

Just a Friendly Note...

I have an open door policy in my classroom and I would love to see you stop by and visit, observe, or be part of my class and at the same time you can learn some Spanish. As the days are busy and filled with work and fun activities, I welcome any help you can offer. I also encourage you to share any comments, ideas and concerns that can assist in having a successful and productive year. Gracias!

Spanish Trip Family Night

November 13th - 4-8pm

WELCOME to EDMODO.com!

In my effort to bring more technology to my classroom I found and start using EDMODO.com with my Middle School classes. Edmodo utilizes a design similar to Facebook, and provides me and my students a secure place to connect, collaborate and share content. In Edmodo I am also able to post grades, assignments and quizzes to my students. Students can submit homework and view their grades and any comments that I may have posted about their assignment. I can also create polls and post topics for discussion among the students. I can differentiate and individualize learning through the creation of sub-groups within a course. After each course is completed, I will close out the network and create a new one for the next year.

Groups are private sections in Edmodo created by the teacher to be able to communicate with just that class. You have to have a code to get into the group. In an attempt to prevent outsiders from joining school networks, Edmodo provides special codes to schools and classes. These codes are given to students and are necessary to join groups. There are codes for the parents to go and see what is going on in our class. Ask your child for your code or simply email me for your code.

CPA Spanish Class Trips

Before I return the open spaces on this trips to EF Educational Trips, I will like to offer them to any of our families that will like to join us in this adventures.
Contact me for information.
