

Crown Pointe Academy is obliged to provide a safe environment for students while on school premises. This environment is inherently provided during normal school hours. When students are at the School outside of these hours, special provisions must be made to ensure this safe and secure environment.

Students are not to be dropped off more than 15 minutes prior to the beginning of school, and must be picked up no later than 15 minutes after school, unless enrolled in a specific enrichment program, active in an authorized and supervised club activity, or in a before or after school third party sponsored child care program.

Students are not to leave school on their own without specific written permission on file at the school.

Students at school outside of the above times must be under the supervision of an authorized person, in a controlled environment within the school facility. The school may charge a fee for this extra care.
